

STEM Family Member/Caregiver Survey Data

Survey Instructions

November 2017-October 2018

Year Three

GUIDANCE ON SURVEYING FAMILY MEMBERS/CAREGIVERS:

- The VELI-STEM grant calls for evaluating family member/caregiver perceptions of the impact of library STEM programming on the young child(ren) they accompany to programs and on themselves.
- To measure this, librarians will encourage family members/caregivers who participate in each and every *STEM program to complete a survey (just as you do with child care providers/early educators after STEM programs).

**NOTE: If a STEM program is conducted over the course of more than one session, only ask family members/caregivers to complete a survey at the conclusion of all sessions.*

- The term "family member/caregiver" is used to encompass a variety of adults who might accompany 3-7-year-old children to STEM programming, beyond just parents (e.g., nannies, grandparents, neighbors, friends' parents).
- Please plan to announce at the beginning of each STEM Program that a very brief survey will be given at the end. You may want to allocate approximately 10 minutes at the end of the program for a snack or a short activity to keep children engaged while the family members/caregivers complete the survey.
- The Year Three surveying period for family members/caregivers is November 2017 through October 2018.

TWO OPTIONS FOR SURVEYING FAMILY MEMBERS/CAREGIVERS:

- **ON-LINE**
 - If Internet service and a desktop computer, laptop, notepad (iPad) or Smartphone (iPhone) are available at the training site, please have each family member/caregiver complete this on-line survey: [click the active survey link here](#).
 - To **preview** the on-line family member/caregiver survey: [click the preview survey link here](#) (*feel free to get acquainted with the form by entering "dummy" data – this link is only a preview, so nothing you enter will be recorded*)
- **PAPER**
 - A paper version of the survey is included on the next page.
 - Librarians should enter the data from each paper survey into an [active SurveyMonkey form](#).
- **All surveys must be completed/entered by October 31, 2018.**

QUESTIONS ABOUT SURVEYING FAMILY MEMBERS/CAREGIVERS:

- Please contact Kelly Myles at kellytmyles@gmail.com

THANK YOU FOR YOUR TIME & EFFORT ON DATA!

 Family Member/Caregiver Survey
 November 2017-October 2018
 Year Three**

YOUR NAME <i>(optional)</i> :	
*LIBRARY NAME:	
*Number of 3-7-year-old children you accompanied at the STEM learning experience:	
*Number of other children you accompanied at the STEM learning experience:	

PLEASE CIRCLE ONE RESPONSE FOR EACH QUESTION:

- (1.) ***How engaged was (were) the 3-7-year-old child(ren) you accompanied in the STEM program?**
 Very Engaged Somewhat Engaged Not at all engaged Not Applicable

- (2.) ***Did the 3-7-year-old child(ren) you accompanied receive a grounding in STEM knowledge and skills?**
 Very Much Somewhat Not at all Not Applicable

- (3.) ***How engaged were you in the STEM program?**
 Very Engaged Somewhat Engaged Not at all engaged Not Applicable

- (4.) ***Did the STEM program make you feel more able to encourage the child(ren)'s interest in STEM?**
 Very Much Somewhat Not at all Not Applicable

OPTIONAL -- Other observations, comments, suggestions:

Thank you for your feedback!
